

Deborah Schiff
Executive Vice President,
Ambulatory Strategy and Business Development

Deborah Schiff is the Executive Vice President of Ambulatory Strategy and Business Development for Northwell Health. In this role, Mrs. Schiff is responsible for building the ambulatory network through physician alignment, IPA development and ambulatory site development, including medical office buildings and ambulatory surgery centers. Under her leadership, the health system's medical group has more than doubled in size, with over 7,000 employed physicians in Northwell Health Physician Partners, now among one of the largest medical groups in the country. In addition, the health system operates over 1,000 ambulatory sites in the region.

With more than 25 years of experience developing and implementing strategies to facilitate programmatic growth and development, Mrs. Schiff remains focused on building a network of providers and ambulatory venues to manage the health of more than 13 million people in the health system's service area. A cornerstone of the ambulatory network remains strengthening and expanding relationships with the approximately 14,000 affiliated physicians serving our communities. Through these relationships, the health system has expanded its reach into the community, promoting health, wellness and early detection of disease, thus ensuring the best possible outcomes.

Mrs. Schiff is actively involved in the community serving as Board Chair at Sacred Heart Academy. In addition, Mrs. Schiff has worked with the Nassau County Department of Health to address health care disparities in the community and served on the boards of Hispanic Counseling Center, Health & Welfare Council of Long Island and the Girl Scouts of Nassau County. Mrs. Schiff was also named to Crain's list of Notable Women in Healthcare.
